

THE  
**NEIGHBORING**  
MOVEMENT. presents:

## The Good Neighbor Experiment

*The Good Neighbor Experiment (GNE) is a nine-month training process that provides congregations and faith-based groups practical tools to forge more meaningful relationships with their community for a long-term impact.*

Make your church a neighboring church! The Good Neighbor Experiment invites congregations and individuals to shift their mindset from:

- *program to **relationship***
- *scarcity to **abundance***
- *inauthenticity to **joy***

Visit our website to learn more:  
[neighboringmovement.org/gne](http://neighboringmovement.org/gne)

“GNE built relationships in our neighborhoods but it also refined our mission as a church. It gave our 130-year-old church the tools we needed to have a fresh look at where God resides in our community.”

~ Rev. Lora Andrews ~

# What will the nine month cohort look like?

## Recruit

Build a Neighboring Team

## Workshop 1

Neighbor Where You Live

## Lab 1 & 2

6 weeks each

Small groups at YOUR local church with GNE curriculum

## Workshop 2

Neighbor as a Church

## Lab 3 & 4

6 weeks each

Small groups at YOUR local church with GNE curriculum

## Workshop 3

Celebration!

*Interested in building a neighboring cohort where you live?*

Join our Facilitator's Network! As a GNE Facilitator, you can help recruit a cohort of 6-12 churches where you live and host them with the support of the Neighboring Movement team. Contact us through the website to find out more about Facilitator training.

## Cost

Virtual cohorts cost \$1,000/church. In person cohorts vary depending on size and travel costs. Talk to your denominational leaders about scholarships and assistance!
