

THE CARING CONGREGATION

creating excellence in church care ministry

"Care should be modeled after the ministry of Jesus, who provided care and support for one another through the peaks and valleys of our lives."

The Caring Congregation (TCC) trains church leaders to provide excellent care ministry. Our method of care is based on a team approach that empowers pastors and laity working together to support the congregation and community. This method was developed by Rev. Karen Lampe while previously serving at Church of the Resurrection and is scalable for churches of all sizes.

TCC provides a variety of care ministry training and resources to help you develop a culture of care in your church including: seminars, webinars, podcasts, and online classes based on books by Revs. Karen Lampe and Melissa Collier-Gepford. In collaboration with the Discipleship Ministries of the UMC, we now offer a CLM Specialization in Congregational Care for Lay Servant Ministry. We also have e-learning courses in The Caring Congregation Academy. Visit our website for care ministry resources to equip your team!
