

The Heaven's declare the glory of God. (Psalm 19:1)

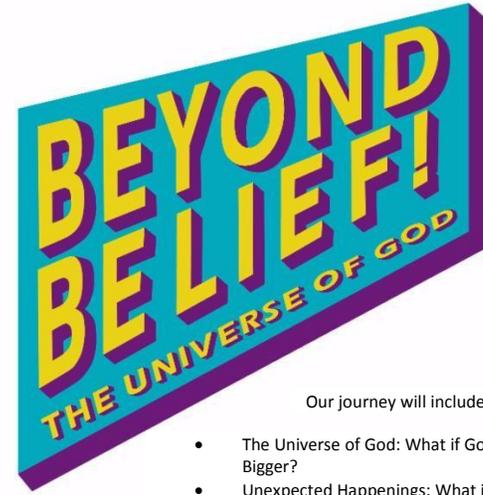

## Summer Camp 2018!

This summer, Great Plains Conference camps are going Beyond Belief as we explore the incredible Universe of God. From listening to sounds from space, studying the stars with telescopes, and geocaching in the woods, we will explore just how big, amazing, and mysterious our God is. Each day campers will be immersed in opportunities to learn and discover God through his creation!

Our journey will include the following topics and questions:

- The Universe of God: What if God is Bigger?
- Unexpected Happenings: What if God Appeared?
- Sounds from Space: What if God is Speaking to Us?
- The Uncertainty Principle: What if We Doubt?
- The Laws of Motion: What if God Wants us to Move?
- The Butterfly Effect: What if We Change the World?

*"When I grew up til age 16 I didn't really go to church because I never understood exactly what God and Jesus were all about. My sophomore year of high school I started going to youth group and that led me to [camp] that summer. I was skeptical at first, but my camp experience changed my life and my views on God and religion. I learned so many things about Christ and how he forgives and loves all of us, while also having fun adventures with my camp peers. I fell in love with Christ and now I would love to help share my love of Christ with others as a camp staff member."*

**Camp Norwesca** is nestled in the beauty of the Pine Ridge District of the Nebraska National Forest. When campers come to camp Norwesca they have the opportunity to test their skills with archery, outdoor cooking and team-building exercises. Get closer to nature by hiking, horseback riding and exploring the Ponderosa Forest by hay rack ride. Then, cool off with a ride on the super slide, or swimming at Chadron State Park. Unwind next to a crackling campfire while singing songs and roasting marshmallows. Drift off into a peaceful sleep in a cabin or under the stars, listen to the crickets sing and the wind blow through the pines. In the midst of God's beautiful creation, Camp Norwesca is truly a unique setting and destination for you to experience friendship and growth.

**Camp Fontanelle** covers 192 acres of lush meadows, woods with old hard woods (oak and walnut), areas for games, swimming, learning and growing. It is a quiet place in the country where campers can take the time to listen and talk to God. And did we mention all the camp offers to have lots of fun? Fontanelle features a petting barn with exotic and domestic animals, large jumping pillows, ziplines that stretch across a ravine, tree climbing using ropes and harnesses, laser tag, miles of hiking trails, camping caves, A-frame cabins and dorms, and our own Fort Jones, a wooden structure where many of the camp's activities take place.

**Camp Horizon** sits above the Arkansas River in south central Kansas. This summer we plan to have over 1,200 campers from 1st-12th grade experience camp. Our summer program gives campers the chance to be themselves in a safe, loving, Christ-centered community. They will be immersed in God's beautiful creation while trying new things like High Ropes and Low Ropes Challenge Course, swimming, hiking to our old cement factory and much more. We hope you can join us for a life-changing summer!

**Camp Chippewa** sits on 660 acres nestled in the Chippewa Hills in northeast Kansas with a herd of 35 horses, recently updated cabins, modern facilities, outdoor chapels and an amphitheater to connect with Christ in nature. The camp has miles of riding, hiking and biking trails, an ADA-accessible pool and stocked ponds for fishing. Campers can take part in numerous activities including archery, a challenge course, canoes, pedal carts, crafts, indoor maze, Speleobox, gaga ball pits, sand volleyball court, small animals and outdoor education center!

[www.campchippewa.org](http://www.campchippewa.org)

**Camp Comeca and Retreat Center** offers a variety of activities to challenge you and excite your senses. Whether it is a fun game of sand volleyball, a pickup game of two-on-two in the gym, maybe a few laps in our indoor pool or a friendly game of horseshoes, we can accommodate your desire for fun. For even more adventurous activities we can send you down our zipline, take you out canoeing or on the paddleboats, shoot targets on the archery range, or even attempt a record setting Milk Crate Climb. That is not all though! We still have obstacle courses to help build teams or individual confidence. We enjoy a good ride at Prairie Surfing. Also, you don't want to forget our indoor rock climbing wall. Then when you have had a fun-filled day and just need a moment to relax, join us around a campfire as we get to enjoy God's nature all around us.

**Camp Lakeside**, in western Kansas, is nearly surrounded by historic Lake Scott State Park, historical sites such as Battle Canyon and El Quartejejo, and has exclusive access to Little Jerusalem. Lakeside might be located in an area of the country known for having lots of cows, but it's the only Great Plains camp that offers sailing! And Lakeside is more than fossil hunting and boats. Campers at Lakeside should expect to spend lots of time in worship, interactive prayer and joyful noise many times a day. The staff digs deep to find creative ways to let our campers interact with the scriptures and apply the lessons to their lives and local churches.
