

Reaching out to Community Colleges

Neosho County Community College and Chanute: First United Methodist Church

Pastor: Rev. April Wegehaupt (awegehaupt@greatplainsumc.org)

We reached out to the college for volunteers to help with our Awana children's program which is Wednesday nights during the school year. The sport department took it up at the college. And different sport areas send college students to help. It has grown and many students come weekly. We feed them, they help with the children and we send them off with a goody bag. We pick the college students up by church van. We have between 20-30 average.
