

The General Commission on United Methodist Men is releasing a new product called **UNITED** (short for UNITED Men's Ministry)

The Agency is not changing its name and we are not doing away with the UMMen Charters.

- UNITED is a new modern men's ministry product built for the modern man
- UNITED Men's Ministry is an innovative online resource providing an easy-to-follow package of resources including leader coaching, online learning, support, connection, and more.
- Each subscribed church will receive a "kick off kit" packed with items when signing up for UNITED Men's Ministry."
- The discipleship pathway, small group support, and support materials are deeply rooted in the Wesleyan tradition while presented in a fresh, current approach
- United Does NOT replace the UMMen charter system. Rather, UNITED is a new product in the line-up from GCUMM.

We are introducing new products through UNITED...

- **ADVENTURE MEN App** is a resource for small groups with Small Group Studies and Leader Coaching.
- Contains more than 40 weeks of studies.
- Built around the "UNITED discipleship model" which emphasizes the 5 key disciplines of faith: STUDY, WORSHIP, ACCOUNTABILITY, PRAYER, AND SERVING
- Encourages participants to go through 6-week cycles of Study, Serving, and Rest
- Each man should download the app from the app store (\$9.99) per person.

- **Live Bold App** is designed to be an outreach tool for those yet to join or become part of a men's ministry.
- The app can be used for small group gatherings or conversation starters.
- The Live Bold App is designed to reach the individual man who is seeking to take a step toward faith.
