

## Registrations and Donations

Part of the new look of our website will be the opportunity for you to read about upcoming meetings, classes and opportunities to donate. All of these opportunities will be listed together and found at the link on the home page, entitled "[Click here to Register for Events and/or Donate.](#)"

When you click there, you'll see numerous tiles with pictures, titles and a brief description. Click on the "register" or "donate" button associated with that tile and you'll be given detailed information about the event or donation. For registrations there may be a few questions for you to answer prior to actually paying. Then you'll be led through the payment process where you'll need to supply credit or debit card information. This system is called Vanco and will replace our involvement with PayPal. Vanco offers more flexibility, lower service fees and real people to talk to when your Great Plains Conference administrator has questions. Looking forward to this system being an advantage for everyone. Please contact Barbara Smith, Great Plains UWF Treasurer, with questions.
